Selective high school applications for 2019 are now open

Selective high schools cater for the specific needs of high achieving gifted students who may otherwise be without sufficient classmates at their own academic and social level. Selective schools help gifted and talent students to learn by grouping them with other gifted and talented students, teaching them in specialised ways and providing educational materials at the appropriate level. Parents apply when the student is in Year 5. The students sit the test in March of Year 6.

To be considered for placement students must sit the Selective High School Placement Test. For information about applying and the placement process go to <https://education.nsw.gov.au/public-schools/selective-high-schools-and-opportunity-classes/year-7>.
